

FOREVER CURSEBREAKER

The Forever Cursebreaker

🔴 **BloodMoon — Forever Cursebreaker**
Reliquary of Nocturnal Protection

🌙 **Nature of the Necklace**

The Forever Cursebreaker is an ancient reliquary forged in forgotten ages, when the moon was still worshiped as a capricious deity.

This necklace is not a mere ornament:
it is bound to the ancient forces that govern the Curse.

When worn, it repels the nocturnal grasp that drains the Vital Liquid of those marked by the moon.

👤 **Variants of the Reliquary**

Two bloodlines of artifacts remain:

- 🔴 **The Vampire Forever Cursebreaker**
- 🌙 **The Lycan Forever Cursebreaker**

Hybrid beings may bind themselves to either, depending on their dominant nature.

Power of the Reliquary

As long as the necklace rests upon your body:

the Curse no longer claims its tribute at midnight
your Vital Liquid remains intact throughout the night
the shadow of destruction keeps its distance

Fate of the Unprotected

Those who ignore the Curse see their strength fade night after night.

When the Vital Liquid is fully consumed:

Vampires, Lycans, and Hybrids fall into the state of Destroyed.

The gathered souls then scatter into the darkness,
and a part of your power is lost forever.

The Forever Cursebreaker does not grant power...
it grants survival.

Words of the Ancients

“The moon never forgets those it has marked.
But some still carry relics able to resist it.”

In BloodMoon, the night belongs to the prepared.
Wear your reliquary... or let the Curse write your end.
